

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PREFACE.

In preparing this volume, our principal aim was to offer to the American student of the German a work which would embody all the valuable results of the most recent investigations in German lexicography, and which might thus become not only a reliable guide for the practical acquisition of that language, but one which would not forsake him in the higher walks of his pursuits, to which its literary and scientific treasures would naturally invite him. The conviction that such a work was a desideratum, and one which claimed immediate attention, was first occasioned by the steadily increasing interest manifested in the study of the German, by such among us as covet a higher intellectual culture, as well as by those who are ambitious to be abreast with the times in all that concerns the interests of Learning, Science, Art and Philosophy.

For who has been able to avoid observing, that in certain departments of literature and science, the eyes of such as strove for pre-eminence have, in the old as well as in the cisatlantic world, been directed towards Germany, whence they cannot conceal having derived both instruction and incentive for similar investigations? Do not Philology, both comparative and special, the Science of Antiquity, the Archæology of Art, and their various branches, owe their present state of relative perfection—nay, some of them their very existence—to the patient assiduity, the candid and truth-loving spirit of German inquirers? What historian has of late attempted to write the history of Rome or Greece, who has not reared his edifice on the ground explored by Niebuhr, Müller, Boekh, and others? Where has Speculative Philosophy found a fostering home, and, as the "Scientia Scientiarum," asserted its controlling and harmonizing power over every department of human knowledge? Nay, who can write now on any metaphysical subject without being familiar, and appearing either in harmony or conflict with the systems of men who have carried philosophical inquiry to its last results? And are not the writings of Gœthe, Schiller, Herder, Tieck, Jean Paul, and of other Coryphæi of German literature, either in the original or in translations, on the shelves of every library? The history of German literature for the last century, the rapidity of its growth, the many illustrious names which, either simultaneously or in rapid succession, have added lasting honour to its pages, presents to us a fact, in the manifestations of national life, that may safely challenge a precedent in history; a fact, however, recognized and openly avowed even by writers of rival nations. It is, therefore, no improbable presumption, judging from the present aspect of things, that the time will come (or is already at hand,) when the English mind will willingly submit to a reaction of the influence it once exerted over the German,* and thence receive the impulse, if not the elements, of a higher literary and scientific life.

* Those who are at all acquainted with the history of German literature, will remember that Bodmer, and his school, in their opposition to Gottsched, and French taste, received the weapons of their warfare and final victory from English armories. By holding up English authors as models of excellence, and by spreading in various ways the knowledge of their writings, he not only succeeded in introducing a better taste, but actually became the forerunner of a new and brighter period of German literature. From his time the English influence is strikingly visible, and at one time even assumed the form of an anglomania. Klopstock and Lessing show it. How great were the obligations of the choicest spirits of our golden age to Shakspeare, the English novelists and satirists, is manifest from their own acknowledgments and writings. Men like Wieland, Voss, Schlegel, and Tieck, have vied with each other in rendering Shakspeare a German classic. Scott and Irving have been, and still are, among the favourite authors of the nation; and there is hardly a writer of any note who does not find himself represented either in translations or re-publications. Can then any degree of interest manifested in the study of the German among us be any thing more than a mere reciprocation of that sympathizing feeling and regard, so long and so willingly shown to writers of the English tongue?

Digitized by Google

But this is not the place for recounting the development or comparative merits of either the German or the English languages or literatures, possessing as they do each its peculiar excellence and glory, and destined, as they seem by nature, to be rather the complement of one another than aught separate or distinct. Albion's Muse and Thuiskone are still on the race-ground, (where Klopstock left them,) "eagerly flying towards the crowning goal," and not even a seer's eye can descry, as yet, aught but "the dust billowing darker past the oak." We must leave it to future generations to decide the contest and award the crown, and hasten to give the reader a more minute account of the genesis and scope of the volume before him.

Nearly all the Dictionaries published in Germany having been prepared with special reference to the German student of the English, and being, on that account, incomplete in the German-English part, it was evidently our vocation to reverse the order for this side of the Atlantic, and to give the utmost possible completeness and perfection to the German part. This was the proper sphere of our labour. The English-German portion of this volume was, therefore, merely re-printed, under the auspices of the publishers, from the London Edition of Flügel's work, which was deemed sufficiently complete for all the purposes of the American student.

In the preparation of the first, or German-English part, the volume published at London under the name of Flügel, but really compiled by Heimann, Feiling and Oxenford, was chosen as our basis, being at present the most complete and, in our opinion, the most judiciously prepared manual of the kind in England. This has been carefully revised, in many parts entirely re-arranged or re-written, and augmented by at least thirty thousand new words and articles, so that it will be found that, of the eight hundred and fifty pages, which constitute its size, nearly one half are additions of our own. In this business of remoulding and enlarging, the Editor has, in addition to availing himself of the materials which a long familiarity with the German classics had placed at his disposal, made free and diligent use of the best and most recent lexicographers, both German and German-English. The principal sources were Hilpert's large work, Grieb, Küttner and Nicholson, Campe,* Heinsius and Heyse.

The accentuation of the German words, first introduced by Heinsius, and not a little improved by Hilpert and his coadjutors, has also been adopted, and will be regarded as a most desirable and invaluable aid to the student.

As foreign words, such, at least, as have not been completely germanized, generally differ in form, and often in pronunciation and inflection too, from such as are purely native, they have been designated by an asterisk.

Another, and it is hoped not the least valuable, addition to the volume, are the synonyms, which we have given generally in an abridged, and, not unfrequently, in a new form, from Hilpert, who was the first that offered to the English student a selection from the rich store of Eberhard, Maass and Gruber. If, according to Jean Paul, "every good grammarian must, of necessity, be a partial philosopher, and only a philosopher could write the best grammar,"† it is still more true with regard to one who undertakes to analyze the nice distinctions subsisting between words of similar import. Germany has had the good fortune to receive a classical work in this department of lexicography; one which almost exhausts the subject, and may well ask for its rival in any language, from a mind fully equal to all the demands in question.‡ There is, therefore, no need of any further apology for presenting to the student, in a condensed form, some of the results of such investigations, even though they should not strictly come within the scope of an ordinary lexicon.

* Wörterbuch der deutschen Sprache. Veranstaltet und herausgegeben von Jo. H. Campe. Braunschweig, 1807–1811. This is still in some respects the most comprehensive work in the language (in five volumes, quarto), containing according to the author's own account 141,277 articles and words. The vocabulary of the purely German words is very full, the definitions copious and logically arranged, and in many instances established by direct reference to classical authorities. Adelung's Grammatisch-kritisches Wörterbuch, Leipzig, 1793–1801 (in four parts), was the first German lexicon of classical authority and is by some still regarded as the "leader of the host." It contains, however, only 55,181 articles and words, and served as the basis for Campe's more recent and more copious work. Heinsius' still later „Vollthümliches Wörterbuch der Deutschen Sprache," is, as the title indicates, of a more popular character, designates the accentuation of words and contains a large collection of the most usual foreign terms. Heinsius says of his own labours: „Was endlich die Quellen betrifft, aus denen ich geschöpft, so habe ich das Campe'sche Wörterbuch, als das vollständigste und wortreichste unter den vorhandenen, eben so zu Grunde gelegt, wie Campe das Adelung'sche, und solches überall mit Adelung und dessen Berichtiger Sottau u. A. verglichen."

† „Jeder gute Grammatiker ist ein partieller Philosoph, und nur ein Philosoph würde die beste Grammatik schreiben."

‡ Eberhard (born 1739; died 1809) was one of the most distinguished philosophers of the eclectic school, and the author of various works on Philosophy, Æsthetics, Theology, &c., all of which exhibit him in the light of a clear and popular thinker and, at the same time, of a pleasant and entertaining writer. He assumed a decided and violent opposition to the new systems of Kant and his followers, which, however, proved unsuccessful. Of the motives which prompted him to undertake his acute and learned „Versuch einer allgemeinen deutschen Synonymik," (6 volumes, Halle, 1795–1802) he himself says naively enough: „Die harmlosen Untersuchungen über die Unterschiede der sinnverwandten Wörter sollten mich aus den fehdevollen Gebieten der Philosophie in eine friedlichere Gegend derselben hinziehen, wo die Betrachtung nicht besorgen darf, mit ihren Kreisen in die Kreise irgend eines Systems einzugreifen." His work was continued and augmented by Maass (in 12 vols., 1818–1821), and by Gruber (6 vols., 1826–1830).

Digitized by Google

In comparing the different German-English Dictionaries, it was found that all of them were deficient in their vocabulary of foreign words, which now act so important a part, not only in strictly scientific works, but also in the best classics, in the reviews, journals, newspapers, and even in the conversational language of ordinary life. This defect we endeavoured to remedy by admitting all that was deemed valuable from the Fremdwörterbücher of Campe and Heyse; concerning the latter of which it has justly been said, "that, in point of completeness and correctness, both in the enumeration and definition of foreign words, no similar work could be compared with it."* Though the Germans have boasted of their language, that for every want both of science and of social life, it can, out of its own exhaustless resources, supply an adequate expression, (and both Campe and Heyse have actually sought altogether to banish all alien words, by proposing a variety of native equivalents for them,) still it is true that, for the last twenty years or more, the introduction of foreign terms (often together with the thing designated) has been steadily increasing, and the Horatian "*Nova fictaque nuper habebunt verba fidem, si Græco fonte cadunt, parce detorta,*" has found application not only to the classical, but also to a number of modern languages. Hence it comes, that in many of the sciences and arts, the Germans have even a double (as it were, a scholastic and a popular) terminology, *e. g.*, in Chemistry, Medicine, and also in Philosophy. Their commercial expressions are mostly of Italian and French, their nautical terms and phrases of Dutch and Danish origin. It was, therefore, deemed a matter of the first importance to have in our vocabulary a strong representation of foreign and technical terms, the want of which, in ordinary lexicons, so often proves a source of infinite embarrassment and vexation to the student; and it is hoped that, in the terminology of Chemistry, Mineralogy, of the practical Arts, Commerce, Navigation, also of Rhetoric Grammar, Mythology (both Ancient and Northern,) Philosophy, &c., he will not often fail of finding the desired word. In addition to Campe and Heyse, we have, in this respect, derived materials from Krug's „Philosophisches Wörterbuch," and from the latest edition of the „Conversations-Lexikon."

In the addenda to the Dictionary is given a full list of the usual abbreviations, which is remodelled and enlarged from the one prefixed to each letter of the alphabet in Meissner's German-English Dictionary.

In arranging the irregular verbs, we have added to the usual alphabetical list a table of classification, together with an enumeration of such verbs as belong to each of the different classes severally.

The editor takes pleasure in expressing in this connection his obligations to his friends, Mr. E. A. Johnson, A.M., Professor of the Latin Language and Literature, and to Mr. C. S. Henry, D.D., Professor of Philosophy and History in the University of the city of New-York, for the free use of their libraries in consulting authorities, as well as for occasional hints respecting the plan and detail of the work.

With regard to its typographical arrangement, it is but justice to the liberality of the publishers to state, that they have shunned no expense to make its outward appearance as attractive to the eye as the art could make it; and that, in this respect, it will suffer no disadvantage in being compared with any thing of the kind. The accuracy of the printer too, in superintending the reading of the proofs, previous to the editor's last revises, deserves commendation, and, it is hoped, that, in point of correctness, the volume will leave little to be amended in a second edition.

In reviewing his labours, and submitting their result to the public, the editor is fully aware, that the comparative philologist, or the philosophical inquirer into the origin, forma-

* „Daß unter allen ähnlichen Werken keines in Absicht auf Vollständigkeit, wie auf innern Gehalt in richtiger Angabe und treffender Erklärung der fremdartigen Ausdrücke diesem sich an die Seite stellen könne." The object of this and more especially of Campe's Fremdwörterbuch was not simply to enumerate and define such foreign words as had obtained currency both among authors and in conversation—but to supplant gradually and entirely all such foreign words and expressions by substituting purely German ones equally significant. This puristic tendency was carried to an extreme by Campe. Heyse, who in all his grammatical and lexicographical works exhibits so admirable a blending of the philosophical and historical methods, pursues a medium course. We state the plan of his excellent Dictionary in his own words: „Seiner ursprünglichen Bestimmung nach soll dieses Wörterbuch nicht ein terminologisches Sachwörterbuch einer Wissenschaft, oder gar eine Real-Encyklopädie aller Wissenschaften sein oder jemals werden: es ist nicht sowohl den Fachgelehrten bestimmter Wissenschaftszweige, als vielmehr dem gesammten gebildeten oder nach Bildung und Belehrung strebenden Theile der Nation gewidmet. Es kann und darf daher nicht die Kunstsprache wissenschaftlicher Lehrgebäude in ihrem ganzen Umfange aufnehmen, sondern muß sich im Allgemeinen auf diejenigen aus fremden Sprachen entlehnten oder aus deutschem Stamme fremdartig gebildeten Wörter beschränken, welche auf irgend einem Wege aus den engern Kreisen bestimmter Wissenschaften in die weitern des Lebens übergegangen und Eigenthum der Nation geworden sind. Es darf mithin kein Fremdwort ausschließen, welches in die Umgangssprache des gemeinen Lebens, so wie in die allgemeine deutsche Schriftsprache und National-Literatur Eingang gefunden hat, welches in geselligen, Geschäfts- oder Gewerb-Leben gebräuchlich ist, bei classischen deutschen Schriftstellern oder doch o eigelesenen Tagesschriftstellern, in politischen Zeitungen oder für die allgemeine Bildung und Unterhaltung berechneten Zeitschriften aller Art vorkommt. Diejenigen Fremdwörter hingegen, welche lediglich einzelnen Wissenschaften, zumal den, dem Volksleben und der allgemeinen Volksbildung ferner Liegenden, angehören und aus diesem nicht in die deutsche Umgangs- und Schrift-Sprache übergegangen sind, liegen im Allgemeinen außer dem Bereiche eines Wörterbuches dieser Art. — Es leuchtet jedoch von selbst ein, daß eine bestimmte Grenze in dieser Hinsicht ein für allemal zu geben, schwer, ja unmöglich ist, weil zwischen der Wissenschaft und dem Leben der Nation überhaupt keine feste Schranke besteht, sondern die Erfahrung beständig von einer Seite zur andern hinüber und herüber geht."

Fremdwörterbuch, Vorbericht

Digitized by Google

tion and affinity of languages, will find little if aught save an unyielding material to gratify his curiosity. Indeed, it must be confessed, and without the least disparagement to the labours of those who have devoted their lives to this arduous pursuit, that a Dictionary of the German, to satisfy the highest demands of the science of language, exhibiting the individuality of its organic structure, its relation to kindred languages, the phases which, in the different periods of its development, it has undergone, and reflecting, in a measure, that splendour which illustrious master-minds have thrown around it, remains yet to be written in Germany itself. And this is a task, to the mere preparation for which men, like the Grimms, have devoted half a life-time, without having, as yet, given us any result. Our aim was an humbler one, and altogether of a practical nature. No one will, therefore, wonder to find all etymological investigations entirely excluded, as equally foreign to our purpose and unsatisfactory in the present state of German lexicography. We rather strove to facilitate, and, if possible, to establish a free intercommunication between the German and the American or English mind; and this volume was not designed to be a pure contribution to the advancement of philology, but rather that it might serve as a guide, to conduct the American scholar into a wide and sunny region of Literature and Art, whence he might people his mind with new imperishable thought, his phantasy with new conceits, his imagination with new images of beauty, and enrich his soul with new springs of emotions, which flow, with more or less copiousness, alike in all human hearts, of all ages, of every race and tongue.

Should the reception of this work prove that his aim has been a proper and a useful one, and that he has succeeded in contributing something (*pro parte virili*) towards bringing the Anglo, as well as the Saxon, to a new and proud consciousness of their primeval identity of origin and mind, the Editor would feel himself in a measure requited for the many days and nights of toil which, with only an occasional murmur, he has willingly sacrificed to his purpose—nay, he could almost entertain the hope, that his life had not been without a noble object.

G. J. ADLER.

New-York University,
October 15th, 1848.

A

DICTIONARY

OF THE

GERMAN AND ENGLISH LANGUAGES,

IN TWO PARTS.

PART FIRST.

GERMAN AND ENGLISH.

Digitized by Google

Digitized by Google

PRELIMINARY EXPLANATIONS.

I. EXPLANATION OF SIGNS.

marks, 1. (at the head of an article) a foreign word, *e. g.* *Annonce, *Subtrahiren; 2. (in the text) a poetical word *or* expression, *e. g.* Sonnenbahn (under Sonne), *glorious career.

— indicates an ellipsis or the repetition of the word at the head of the article. *e. g.* under the article Pulver, —mühle, *f.* stands for Pulvermühle, *f.*; under the word Statt, — finden, stands for Statt finden. This mark subserves the same purpose in the formula which expresses the genitive and plural of substantives, *e. g.* Kind, *n.* (–es; *pl.* –er); Graf, *m.* (–en; *pl.* –en); Tröpfchen, *n.* (–s; *pl.* —).

= signifies "equal to, of the same meaning."

+ marks an obsolete word.

II. EXPLANATION OF THE ACCENTS.

1. The syllable, which has the principal accent, is distinguished by a mark over its vowel (*or* diphthong), which may be either long (ā, ē, ī, ō, ū, ȳ), or short (ă, ĕ, ĭ, ŏ, ŭ, ў), *or* common (ā = ă *or* á; ū = ŭ *or* ú); *e. g.* Gäbe, Sprèchen, Grieche, Göttesvergessenheit, Flûg, Mŷstik, Antrag (= Anstrag *or* Auftrag), Auge.

2. In the vowel e we not only distinguish the long and short sound (ē, ĕ), as in other vowels, but we also indicate whether this sound is close (the French e *fermé*) (é), *or* open (the French e *ouvert*) (è). The character ē denotes that the sound of the e is long and close at the same time; the character ĕ, that it is long and open at the same time; *e. g.* Hēben, Hĕhl, Gebēll, Mènge.

3. The capitals of the modified vowels (Ă, Ŏ, Ŭ), which are usually expressed by two characters, are in this Dictionary, for the sake of the accent, united into one; thus Ae, Oe, Ue, become Ă, Ŏ, Ŭ, (Ä, Ă: Ö, Ŏ; Ü, Ŭ); *e. g.* Aederchen, Ăderchen; Oeffnung, Ŏffnung; Uebel, Ŭbel.

4. In diphthongs the accent is (as in Greek) always placed over the last vowel; *e. g.* aúf, aús. We also distinguish the long *or* broad sound, *e. g.* ein, meinen, Aûe, Säugen; and the short *or* close sound, *e. g.* Einkünfte, hinein, mein, Aúsflage, Aúsflucht, Mäuschen.

5. Of foreign words, such as are derived from the Latin *or* Greek, follow upon the whole the German pronunciation and accent: those, however, which are borrowed from the French, Italian, or other modern languages, generally retain their original pronunciation, to which the accent is not intended to be a sufficient guide.

THE FOLLOWING TABLE EXHIBITS A LIST OF THE VOWELS WITH THEIR DIFFERENT ACCENTS.

A.	Ā, Á, Ă; ā, á, ă.	D.	Ď, Ď; ď, ď.
Ä.	Ā, Ă; ā, ă.	Ö.	Ō, Ŏ; ō, ŏ.
E.	Ē, Ė, Ĕ; ē, é, ĕ; Ę, Ę, é, ĕ.	U.	Ū, Ú, Ŭ; ū, ú, ŭ.
I.	Ī, Ĭ; ī, ĭ.	Ü.	Ū, Ŭ, ū, ŭ.
		Y.	ȳ, ў.

III. EXPLANATION OF THE ABBREVIATIONS USED IN THIS DICTIONARY

A. T. anatomical term.
abbr. abbreviated; abbreviation.
Ac. cant. academical cant term.
Ac. T. academical term.
adj. adjective.
adv. adverb; adverbially.
affirm. affirmatively.

Abſicht, *f.* (*pl.* –en) 1. view, design, intention, purpose, aim, end; 2. respect, regard; in der — uns zu ſchaden, with a design to injure us; es iſt der — gemäß, it is in accordance with the intention; ſeine — erreichen, to obtain one's end, to gain the point; in — auf, in regard to; with a view to; in aller —, in every respect; in der nämlichen —, with the same view.

Syn. Abſicht, Zweck, Endzweck. He who consciously makes use of means to the attainment of an end has Abſicht, (an intention, design); hence the term always presupposes a rational being. Zweck (aim, end) and Endzweck, (final cause) is that to which the design of a person or of the creator of a thing is directed, and may also be predicated of irrational beings and inanimate things. Thus the watch contains den Zweck (the design) of printing out the time; and man has den Zweck (end) and die Abſicht (intention) both. The bee has the Zweck (aim) to make honey, but not the Abſicht (conscious one).

Syn. Anfangen, Anheben, Beginnen, Angehen. Anfangen comprehends the idea of *beginning* in its widest signification and is used in regard to things that exist in time as well as to such as exist in space; as: er fing an zu reden, he began to speak; hier fangt sein Acker an, his land commences here. Beginnen and anheben are used only when speaking of things which exist in time and of actions. Hence beginnen denotes also to undertake. Angehen has the same signification as anfangen, but is generally used only in familiar style.

Anklage, *f.* (*pl.* –n) accusation, information against one, arraignment, denunciation; die öffentliche —, impeachment, indictment; *compos.* — acte, *f.* act of accusation; bill of indictment; —ſchrift, *f.* bill of indictment.

Anklagen, *v. a.* to accuse, indict, arraign, inform against, charge; öffentlich —, to impeach.

Syn. Anklagen, Verklagen, Belangen, Beſchuldigen, Angeben. Anklagen is generally used only of a criminal charge, verklagen also in civil cases. Man verklagt Jemanden, that the authorities may oblige him to perform something or to pay what he is indebted to us; man klagt Jemanden an, in order that he may be punished. Belangen appears to be used only in more trifling offences. Beſchuldigen is an informal charge or mere accusation. Angeben signifies merely "to inform against," and does not, like anklagen, include the idea that the informant undertakes to produce proof of the guilt or that requires the punishment of the offender.

Ankläger, *m.* (–s; *pl.* —) } accus-
Anklägerinn, *f.* (*pl.* –en) } er, impeacher, indicter.

Anklägeriſch, *adj.* prone to accuse.

Ankleben, *v.* I. *a.* to glue to, fix, paste; II. *n.* (*aux* haben) to stick to, to adhere.

Ankleckеn, }
Anklecken, } *v. a.* to daub over, soil.

Ankleiden, *v.* I. *a.* to put on clothes, to dress, attire; II. *refl.* to dress.

Syn. Anziehen, Ankleiden, Anlegen. Sich ankleiden always signifies the putting on of the entire clothing, to dress one's self. Anziehen and anlegen are not only said of the whole but also of the several parts of which the dress is composed. Anziehen properly applies only to such articles as are *drawn on* to the body; anlegen to such only as are *laid on*; thus boots and stockings are angezogen (drawn on); a sword, ouckles &c. are angelegt (put on). As however those articles of dress which are not angezogen as a covering, but were angelegt, are for the most part ornamental, anlegen has become the more elegant expression of the two, and is then used of such parts as are angezogen, when they are especially costly and ornamental: Trauer anlegen, to put on mourning; er hat heute ſeine beſten Kleider angelegt, he has put on his best clothes to-day.

Ankleide-ſpiegel, *m.* dressing-glass, swinging-glass; —zimmer, *n.* dressing-room; —zimmer auf der Schaubühne, tiring-room; (in a church) the vestry.

Ankleiſtern, *v. a.* to paste up, paste on.

Ankommen, *v. ir* I. *n.* (*aux.* ſeyn) 1. to arrive; to come (at, to, on. up); 2. to approach; to advance; 3. — (*auf with acc.*), to depend upon; 4. to obtain a place; 5. to get married; 6. wohl, übel, ſchön —, to fare well, ill, &c.); 7. — dabei, bei einer Sache, to meet with success; es kommt mir ſchwer, hart, ſauer *or* leicht an, it is hard *or* easy to me; hier kommt es blos auf Geld an, here is nothing required but money; es ſoll mir darauf nicht —, I shall not stick at this; es kommt mir auf eine Woche nicht an, I do not mind a week; es darauf — laſſen, to run the hazard, to risk, to venture; alles auf das Glück — laſſen, to leave every thing to chance; einem —, to get at one; ich laſſe es auf Sie —, I leave it to you, to your disposition, I rely upon your decision; bei mir kommt er (man u. ſ. w.) damit nicht an, that will not do for me; bei einer Sache gut *or* ſchlecht —, to meet with good *or* ill success, to fare well *or* ill; was iſt ihm angekommen (zugeſtoßen)? what has befallen him? Ihr kommt unrecht an, you are mistaken; II. *a.* to befall; *Phr* der Schlaf kam mich an, I became sleepy *or* drowsy; es kam mich Furcht, Schrecken u. ſ. w. an, I was seized *or* struck with fear, terror, &c.; es kam mich eine Luſt an, I took a fancy to.

Syn. Antommen, Anlangen, Eintreffen. Anlangen refers to the distance and to the way that a person or thing has to go over in order to be present at a certain place. Antommen has simply reference to the place of arrival. Eintreffen comprehends also the notion of arriving at the proper time and at the proper place.

Ankommen, *n.* (–s) arrival; hier iſt kein —, no access is to be had here.

Ankömmling, *m.* (–s; *pl.* –e) new comer, stranger, novice.

Anmarſchieren, *v. n.* (*aux.* ſeyn) to march on, to advance.

Anmaßen, *v. reſl. dat.* to usurp; to assume, arrogate, presume, to pretend to, lay claim to.

Syn. Anmaßen (ſich), Bemächtigen (ſich). Anmaßen always signifies to appropriate a thing in an unlawful manner. Bemächtigen is also to take possession of in a lawful way, when the thing belongs to no one else or when no one has the right to prevent our taking possession of it. Sich bemächtigen is said only of material things, anmaßen also of immaterial, of rights, &c. Cäſar bemächtigte ſich des öffentlichen Schatzes, Cæsar seized the public treasures, and maßte ſich die Herrſchaft über das römiſche Reich an, usurped the sovereign authority over the Roman empire.

Anmaßend, *adj.* presuming, arrogant; assuming.

Anſehnlich, I. *adj.* considerable, respectable, eminent, handsome, of consequence, reputable; II. *adv.* considerably, handsomely.

Anſehnlichkeit, *f.* considerableness, conspicuousness, importance.

Anſehung, *f.* the act of looking at; consideration; in —, in consideration of, in regard of, on account of; as for, as to.

Syn. In Anſehung, in Abſicht, in Rückſicht, in Betrachtung, in Hinſicht. In Abſicht denotes the aim, the object in doing a thing; in Anſehung, that which induces us, the motive of an action; in Rückſicht denotes the motive only as far as it arises from circumstances already passed *or* at present existing, and not with a view to any thing future, in which case in Hinſicht would be proper. I did it in Abſicht (with a view) to his being better provided for and I procured this for him in Anſehung (on account) of my friend's intercession. But I did it also in Rückſicht (in regard) to his family. In Betrachtung conveys the idea of greater reflection. In Betrachtung (in consideration) of his numerous family I took all possible pains to assist him.

Anſeichen, *v. a. vulg.* to bepiss.

Anſeilen, *v. a.* to tie up (with a cord).

Anſengen, *v. a.* 1. to begin to singe, to singe; 2. to burn a little.

Anſtampfen, *v. a.* to ram, beat against.

Anſtand, *m.* (–s) 1. *Sp. T.* stand, stable stand: catch; 2. *L. T.* vacancies; 3. *fig.* delay; 4. good grace; deportment; demeanour, decency; 5. hesitation, doubt; *Phr.* — nehmen, to pause, to doubt, to hesitate; *compos.* —brief, *L. T.* letter of respite (of grace); —voll, *adj.* graceful.

Anſtändig, I. *adj.* 1. decent, becoming, respectable, seemly, proper; 2 agreeable, pleasing; II. *adv.* decently, conveniently; respectably.

Syn. Anſtändig, Wohlanſtändig, Schicklich. A female ought always to be dressed anſtändig for decency's sake; her dress should be wohlanſtändig, suitable to her rank; and ſchicklich, in conformity to circumstances. A dress which leaves the body too much exposed is unanſtändig; one that is below one's condition is gegen den Wohlſtand, and it would be unſchicklich to appear amongst a company of mourners in a gay dress. Anſtändigkeit has its immutable laws, wohlanſtändig has its rules, and Schicklichkeit frequently depends upon established customs.

Anſtändigkeit, *f.* decency, respectability, becomingness, conveniency.

Anſtängeln, *v. a.* to prop up with sticks.

Anſtapeln, *v. a.* to pile, store up; angeſtapelt kommen, *fam.* to come stalking along.

Argwillig, *adj. & adv.* mischievous.

Argwilligkeit, *f.* mischievousness.

Argwohn, *m.* (-s) suspicion, mistrust; apprehension.

Syn. Argwohn, Verdacht, Mißtrauen. A suspicion founded on objective grounds (i. e. such as exist in the thing itself) is called Verdacht. If the suspicion is merely subjective (i. e. existing only in our minds) it is Argwohn. Thus we *say*, the circumstance of a person's taking to flight at the time, when a certain crime became rumoured, gave rise to the Verdacht that he might have been implicated in it. A jealous husband wirft leicht ſeinen Argwohn auf (easily suspects) his virtuous wife, the cause of his suspicion lying only in his own jealousy.

Argwohnen, *v. a.* to suspect, mistrust.

Argwöhnen, trust.

Argwöhnig *or* Argwöhniſch, I. *adj* suspicious, suspectful; distrustful; jealous; II. *adj.* suspiciously.

Aufreizen, *v. a.* to incite; excite, stir up, inflame; provoke, rouse; set on.

Aufreizung, *f.* (*pl.* -en) provocation, instigation.

Aufrennen, *v.* I. *reg. a.* 1. to run open; 2. to cut open by running against something; II. *ir. n.* (*aux.* seyn) to run aground, against *or* upon.

Aufrichten, *v.* I. *a.* 1. to raise, to make to stand upright, erect, set up, rear; 2. *fig.* to erect, found, create, establish, make; 3. to comfort, support, strengthen; aufgerichtet stehen *or* gehen, to stand *or* go upright; ein Schiff wieder —, nachdem es gekielt worden, *N. T.* to right a ship; II. *refl.* to get up, to rise.

Syn. Aufrichten, Trösten. In speaking of a person who had lost a trifling sum of money, one would say that he tried ihn zu trösten (to console him) but not aufzurichten. On the other hand, a mother who is bowed down with grief at the loss of an only child, *we* should try aufzurichten (to raise, cheer). The depressed richtet man auf, and the sorrowful tröstet man.

Aufrichtig, I. *adj.* candid, sincere, open, plain, frank, true, genuine; II. *adv.* candidly, sincerely.

Syn. Aufrichtig, Offenherzig, Redlich. Der Offenherzige (open hearted man) says all he thinks and exactly as he thinks: der Aufrichtige (upright man) speaks with discretion, but always his real opinion. Der Offenherzige is necessarily always aufrichtig, der Aufrichtige not always offenherzig. The reverse of Offenherzigkeit is Zurückhaltung (reserve), and of Aufrichtigkeit, Verstellung (dissimulation). I do not act aufrichtig when I pretend to think what I do not, nor redlich (honestly, fairly) when I conceal my thoughts from one who has a right to be acquainted with them, or when I give him to understand the reverse of what I know to be the truth.

Aufrichtigkeit, *f.* sincerity, candour, genuineness, artlessness.

Aufriegeln, *v. a.* to unbolt.

Aufringeln, *v.* I. *a.* 1. to turn up in ringlets; 2. to put rings on; II. *refl.* to become undone (of rings *or* ringlets).

Ausgang, *m.* (-es; *pl.* -gänge) 1 going out, exit, egression; egress; 2 *fig.* end, issue, event; conclusion; 3. passage, outlet, outgate, issue; 4. *Th. T.* procession (of the Holy Ghost); einen guten — nehmen, to turn out well; *compos.* —fest, *n.* festival of the Jews commemorating their departure out of Egypt; —lehre, *f. Th. T.* the doctrine of the procession of the Holy Ghost; —spforte, *f.* out-gate; —stück, *n. Mus. T.* finale; —szoll, *m.* duty on exportation.

Syn. Ausgang, Erfolg. Ausgang signifies merely the termination of an action or a series of actions, without reference to a cause. Erfolg, denotes the issue not merely as an event, but as the result of some preceding act or cause. We made a journey which, in other respects, turned out to our satisfaction, but which had an unlucky termination (schlechten Ausgang), being afterwards attacked by robbers and plundered. But if one by travelling has improved his health, his journey has had einen glücklichen Erfolg (a happy result). A disease had a melancholy issue (trauriges Ausgang); the patient died, every remedy having been employed without effect (ohne Erfolg).

Daúerhaft, Daúerhaftig, *adj.* durable, lasting, strong.

Daúerhaftigkeit, *f.* durableness.

Daúerlos, *adj.* perishable, transient, ephemeral.

Daúern, *v. n.* (*aux.* haben) to last, continue, to hold out, endure, stand; es dauerte nicht lange, ſo ſah ich ihn kommen, it was not long before I saw him come; dieſe Art Äpfel dauert nicht, this kind of apples will not keep.

Syn. Daúern, Währen. Daúern signifies, to remain in existence, to continue in the same state without perishing; it also implies that the cause of a thing's endurance is contained in itself, *i. e.* in the durability of the material of which it is made. Daúern may refer to objects themselves, but währen is only said of changes, the consecutive number of which constitutes the measure of time, or of states and conditions, the length of which is measured by the changes going on around them. Thus we say: the Egyptian pyramids have endured to the present day (haben bis auf den heutigen Tag gedauert, but not gewährt); the change of the seasons endures continually (währet und dauert noch immer fort).

Daúern, *v. a. impers.* to make sorry; to cause to pity; to grieve; es dauert mich, I am sorry for it; es hat mich oft gedauert, I have often regretted it; laß dich die Koſten nicht —, do not grudge the expense; du dauerſt mich, I pity you; ſein Verbrechen dauert ihn nicht, he is not sorry for his crime.

Syn. Daúern, Gereuen, Verdrießen. Es gereuet mich differs from es dauert and es verdrießt mich, in referring merely to something which is past and for which we feel ourselves to blame. Es dauert mich, may be said of something that has happened accidentally. Thus we say: mich dauert die Zeit (I grieve for the time) which I have been obliged to spend in any business, and mich gereut (reut) die Zeit (I regret the time) which I have carelessly thrown away. Es verdrießt mich denotes a higher degree of sorrow or vexation.

Daúlich, *adj. vid.* Verdaulich.

Daúm, *m.* (–es; *pl.* Däume) thumb, *compos.* —kraft, *f.* handscrew, jack, —ſchloß *n.* thumb bagiock.

Ehen, *vid.* Ehe.

Ehern, *adj.* brazen, of brass, of copper; *fig.* brazen-faced; mit —en Füßen, brazen-footed; das —e Zeitalter, the brazen age.

Ehefte, *vid.* Ehe.

Ehestens, *adv.* shortly, very soon, with the first opportunity.

Ehle, *vid.* Elle.

Ehr, *m.* + and *joc.* master; *in compos. abridged for* Ehre; —abschneider, *m.* calumniator, slanderer; —abschneiderei, *f.* calumny, slander; —angreifend, *adj.* injurious, slanderous; —bar, I. *adj.* entitled to honour, honourable, honest; decent; modest, grave; II. *adv.* honestly; decently; modestly; —barkeit, *f.* honesty; decency; modesty; propriety of conduct; —begierde, *f.* ambition, desire of honour; —begierig, I. *adj.* ambitious, greedy of honour; II. *adv.* ambitiously; —burst, *m.* strong ambition, eager desire after honour; —erbietig, *adj.* I. reverent, reverential, respectful, dutiful; II. *adv.* reverently, respectfully, dutifully; —erbietigkeit, *f.* reverence, respectfulness; —erbietung, *f.* reverence, respect, veneration, deference, homage; *vid. Syn.* I.; seine —erbietung bezeigen, to pay deference; —furcht, *f.* veneration, reverence; awe; —furcht einflößen, to awe; —s furcht gebietend, awful; —furchtsvoll, *adj.* respectful; —gefühl, *n.* sense of honour, point of honour; —geiz, *m.* ambition; *vid. Syn.* II.; —geizig, I. *adj.* ambitious, aspiring, covetous of honour; II. *adv.* ambitiously; —gierig, *adj.* desirous of honour; —liebe, *f.* love for honour, true ambition; —liebend, *adj.* loving honour; ein —liebender Mann, a man of honour; —los, I. *adj.* void of honour, dishonourable, disreputable, infamous; II. *adv.* dishonestly, dishonourably; infamously; *vid. Syn.* III.; —losigkeit, *f.* dishonesty, infamousness, infamy; —sam, I. *adj.* honourable, respectable; II. *adv.* honourably; —schatz, *m.* (in feudal law) relief; —schätzig, *adj.* obliged to pay a relief; —sucht, *f.* immoderate ambition; —süchtig, I. *adj.* very ambitious; II. *adv.* ambitiously; —vergessen, *adj.* unmindful of honour, despicable, vile; —widrig, *adj.* contrary to honour, dishonourable, disgraceful; —s würden, *f.* reverence (used as a title); Ew. —würden, your reverence, reverend sir; —würdig, *adj.* venerable, reverend, respectable; sehr —würdiger Meister vom Stuhl! most worshipful master! (with free masons); —würdigkeit, *f.* venerableness, respectability.

Syn. I. Ehrerbietung, Ehrfurcht. Ehrfurcht is a feeling of admiration or reverence mingled with awe and inspired by the consciousness of our own insignificancy and littleness. Ehrerbietung is not an internal emotion, but merely an act of respect or obeisance.

Syn. II. Ehrgeiz, Ruhmbegierde, *vid.* Ehre, Ruhm.

Syn. III. Ehrlos, Unehrlich. The man is unehrlich, who is undeserving of any respect or esteem; he is ehrlos, who is publicly branded with infamy, or who is destitute of all feeling of honour. The swindler is unehrlich inasmuch as he acts dishonestly, but not necessarily ehrlos, until his dishonest actions are publicly known.

Ehre, *f.* (*pl.* –n) honour, reputation; rank; glory; einem — erweisen *or* bezeigen, to do honour to one; einem alle — anthun, to treat one with great respect; unbefleckte —, unsullied honour; *Pkr.* alle —n widerfahren lassen, to pay due honour to (a bill of exchange); einem die letzte — erweisen, to do the funeral honours to one; göttliche —n erweisen, to pay divine honours; zu großen —n erhoben werden, to be raised to great honour; einem die — lassen, to yield the preference, the precedency to one; zur — gereichen, to be an honour; to redound to one's honour; ich werde die — haben, I shall do myself the honour; sich eine — daraus machen, to be proud of; in —n halten, to honour; in —n leben *or* seyn, to be in great esteem, reputation; bei —n bleiben, to preserve one's honour (reputation); etwas —n halber thun, to do a thing for the sake of honour; auf meine *or* bei meiner —, on my honour; mit —n, in allen —n, without any disregard to honour; ein Kuß in —, an innocent kiss; Ihr Wort in —n, with due deference to you, with your leave; mit —n zu melden, *col.* with (*or* saving) your reverence; mit —n loskommen, to come off with credit; Jemandes in allen —n gedenken, to mention one honourably.

Syn. Ehre, Ruhm. Ruhm is a higher degree of Ehre (honour). One who is distinguished in his native town or among his fellow-citizens for his unsullied good name, has Ehre (reputation) but not Ruhm. Der Ruhm (fame) requires that the worth of a man should be more generally known, that his exalted reputation be derived from remarkable exploits or accomplishments.

Ehren, *pl.* honours: *compos.* —acceptant, *m. M. E.* acceptor for the honour of another; —amt, *n.* post of honour, dignity, preferment; —bahn, *f.* course *or* career of honour; —belohnung, *f.* honorary reward; —benennung, *f.* appellation of honour, title; —bett, *n.* bed of state; —bezeigung, *f.* honouring, respect, reverence, homage; mark of honour; —bild, *n. Eigner, m. (-s; pl. —) owner, proprietor.

Eiland, n. (-es; pl. —e or -länder) island; compos. —meer, n. an archipelago.

Eiländer, m. (-s; pl. —) Eiländerinn, f. (pl. -en) islander, native of an island.

Eiländisch, adj. belonging to an island.

Eil, in compos. —bote, m. (-en; pl. -en) courier; —botschaftlich, adj. & adv. by a courier-express; —fertig, I. adj. hasty, hastening, speedy; precipitant; II. adv. hastily, &c.; —fertigkeit, f. eagerness, speediness; precipitation; —flug, m. a speedy flight; —gewohnt, adj. accustomed to haste; —marsch, —zug, m. forced march; —post, f. —wagen, m. stage-coach, diligence; —postreiter, m. an estafet; —weilen, v. n. (aux. seyn) not to proceed too hastily or rashly; —zug, m. forced march.

Eile, f. haste, speed, dispatch; große —, hurry; in der größten —, in a hurry, post-haste.

Syn. Eile, Hast. Eile originates from external causes merely, Hast always from internal ones. That person is eilig, who has not much time in which to accomplish a thing; he is hastig, who from an inward restless ardour does every thing in a hurry.

Eilen, v. I. n. (aux. seyn) 1. to hasten, make haste, to hurry, make speed; to be: 2. (with haben) to pass quickly, fly, hurry; — mit Weile, prov. festina lente; II. refl. to make haste.

Eilend, adj. & adv. Eilends, adv. speedy quick; hastily, speedily, in haste.

Eilf contr. Elf, adj. eleven; compos. —eck, n. G. T. hendecagon; —erlei, adj. eleven sorts; —fach, adj. elevenfold; —jährig, adj. of eleven years; —mal, adv. eleven times; —te, adj. eleventh; das —te Mal, eleventh time; —tel, n. eleventh part; —tens, adv. for the eleventh; —thalb, adj. eleven and a half.

Eilig, I. adj. hasty, speedy, dispatchful; —seyn, to be hasty, in haste; II. adv. hastily, speedily.

Syn. Eilig, Eilfertig, Hastig. Each of these words implies an eagerness to dispatch something in a short time. But he is eilig, who has not much time left, and has therefore the motive for performing much in a short space of time. Der Eilfertige actually does dispatch much in a short time, is quick in performance, not so der Hastige, whose motions are accelerated by an inward restless impulse, but because the circumstances are urgent. Eilfertig can be said of persons only, eilig also of things. One may ask a person who is writing a letter: Warum sind Sie so eilfertig? and the answer may be: Der Brief ist eilig, i. e. it must be speedily at the place of its destination.

Eimer, m. (-s; pl. —) 1 pail, bucket; 2. rundlet, kilderkin; ein halber —, firkin; compos. —kette, f. bucket-chain; —kunst, f. T. sort of waterwork with buckets; —weise, adv. by pailsful, by the pail.

Einſam, I. *adj.* solitary, alone, re

Digitized by Google

Einſam, recluse, desolate; single; II. *adv.* solitarily.

Syn. Einſam, Allein. Allein expresses merely the state of being alone, not having company, without any reference to the duration of that state. Einſam is applied to one who usually lives in solitude, or who is remote from all society. Einſam, therefore, always implies a greater exclusion from society.

Einſamig, *adj.* having one seed.

Einſamkeit, *f.* (*pl.* –en) solitude, solitariness, loneliness, secrecy; privacy.

Einſamlich, *adj.* & *adv.* *provinc.* *usit.* Einſam.

power of blackguards, —nhauer, m. street song; —njunge, m. vid. —nbube; —nkehrer, m. dustman, scavenger; —nkoth, m. dirt in the streets; —nlaterne, f. lamp for lighting the street; —nlaufen, n. gauntlet, running the gauntlet; —nlied, n. street-song, ballad; —nordnung, f. regulation of the streets; —nraub, m. streets robbery; —nrinne, f. sewer, kennel; —nschleuße, f. vid. —nrinne; —nsänger, m. street-singer; —nsingen, n. street-singing; —ntreter, m. cont. lounger, idler, vagabond; —ntroß, m. blackguards, mob; —nvogt, m. street-beadle, catch-pole; —nwitz, m. cont. vulgar wit, low jest.

Syn. Gasse, Straße. Straße originally signified a paved way (allied to the Latin via strata); consequently all the great roads in Germany came to be denominated Straßen, though not paved. In a more limited sense the word is now used to denote the paved way between the houses in towns and villages. The distinction between Straße and Gasse is, that the former designates the long and broad ways between the houses (streets); the latter the smaller and narrower (lanes).

Gäſt, m. (-es; pl. -Gäſte) 1. guest; visitor; stranger; 2. customer; 3. cont. person, fellow, wight; 4. N. T. (pl.-en) sailor; Gäſte haben, to have company: ein ſchlauer —, a cunning blade; ein luſtiger —, a merry fellow; ein leichter —, a wealthy man: einen zu —e bitten, to invite one; zu —e gehen, to go as a guest; dine out: zu —e bei Jemand ſeyn, to be one's guest, visitor; compos. —becher, m. large goblet, to drink the guest's welcome out of; —bett, n. bed for a stranger; —bitter, m. inviter, a person employed as such; —frei, I. adj. hospitable; II. adv. hospitably; —freiheit, f. hospitality; —freund, m. 1. stranger enjoying the right of hospitality; guest; 2. one affording hospitality, host; —freundlich, adj. hospitable; —freundlichkeit, —freundſchaft, f. hospitality; —freundſchaftlich, adj. & adv. hospitable, hospitably; —freundſchaft üben, to practise hospitality; —geber, m. innkeeper, host, landlord; —gebot, n. feast, banquet, treat; —geſchenk, n. present made to a stranger; —halter, m. vid. —geber; —haus, n. hotel, inn (vid. Syn. Gasthaus, Gasthof, Herberge, Wirthshaus. Only such houses are now called Herberge in which travellers receive merely shelter and bed, and are intended only for the poorer classes who carry their provisions with them. If in such public houses provisions are also furnished they are then termed Wirthshäuser. A Gasthof is a spacious building in which strangers or guests with their servants, horses, &c. are lodged and entertained for money. Gasthäuser are commonly such in which strangers are entertained but not lodged.

Gäſtbar, adj. + vid. Gaſtfrei.

Gäſten, v. vid. Gaſtiren.

Syn. Geberde, Miene, Grimaſſe. Miene (from meinen) differs from Geberde (from the obsolete ſich gebaren = ſich betragen) by denoting merely voluntary and significant expressions of the face alone, whilst Geberde denotes either voluntary or involuntary motions of the entire body. Grimaſſe expresses only a disagreeable distortion of the countenance either from habit, affectation or insolence.

Gebèrden, *v. refl.* 1. to make gestures; 2. to behave *or* carry one's self.

Gebèrdung, *f.* behaviour, demeanour.

Gebieter, *m.* (-s; *pl.* —) commander, ruler, governor, master.

Gebieterinn, *f.* (*pl.* -en) mistress, lady.

Gebieteriſch, I. *adj.* imperious, domineering, haughty, absolute; — ſeyn, to lord it, to domineer, to play the master; II. *adv.* imperiously, domineeringly.

Syn. Gebieteriſch, Herriſch. Gebieterisch indicates an offensive behaviour towards others, arising from an over-weening idea of one's own power. Such a behaviour is termed herriſch, when it proceeds from an exaggerated or misplaced notion of one's rights. Ein gebieteriſcher Ton (imperious tone) without power creates contempt and is ridiculous: ein herriſches Betragen (domineering conduct) without right excites indignation.

Gebiſs, *n.* (-es; *pl.* -e) diaper (sort of linen).

Gebilde, *n.* (-s; *pl.* —) 1. form, frame, structure, work; likeness, image, 2. anything formed.

Syn. **Gebrauch, Sitte, Gewohnheit.** Gewohnheit and Sitte differ from each other in this, that the latter implies at the same time not the propriety or becomingness of the usage considered. In some countries it is die Gewohnheit (custom) to poke two, in others four horses abreast. In this case there is no reference to propriety. Gebrauch is the usage or custom which by common consent is observed on certain occasions.

Gebrauchen, *v. a.* 1. to use, make use of, employ; 2. *incorrectly used for* Brauchen

Gebräuchlich, I. *adj.* usual, customary, common, ordinary; current; — sein, to be in use *or* practice; es ist nicht mehr —, it is out of use; II. *adv.* usually.

Gehören, *v. n. (aux.* haben) (*with dat.*) to obey; nicht —, to disobey; man muß ihm —, he must be obeyed.

Syn. Gehorchen, Folgen. Gehorchen implies that the person who gehorcht (obeys) acts according to the will of another. One may, however, einem Andern folgen (follow another) without acknowledging any obligation to do so. Thus we say: einem Befehle gehorchen (obey a command), but, einem Beispiele folgen (follow an example); the former, because we are obliged, the latter, because it pleases us.

Gehören, *v. I. n. (aux.* haben) (*with dat.*) to be one's own, to belong, appertain to; in, vor, unter Jemand *or* etwas —, to belong to, be subjected to; zu etwas —, 1. to belong to, to be connected with, to form part of: 2. to require; ought to be; dieser Mensch gehört zu uns, this man belongs to our company; das gehört nicht hierher, this is not the place for it; das gehört unter dieses Gericht, that falls under the cognizance of this court; dieser Titel gehört ihm nicht, he has no right to this title; auf einen groben Klotz gehört ein grober Keil, *prov.* rudeness for rudeness; II. *refl. & imp.* to be fit, to be suitable, to be proper; es gehört sich, it is right; it is fit, proper, becoming, decent, seemly.

Syn. Gebühren, Gebühren. The former is predicated of whatever necessarily forms a part of, or by right belongs to another thing. Thus, a part gehört (belongs) to the whole; the moon gehört (belongs) to the solar system, &c. Whatever a person has a just claim or right to gebührt ihm (belongs to him), if this claim is founded merely on his merit or worthiness, es gebührt ihm (it is his due).

Gehörig, I. *adj.* 1. belonging, appertaining to; 2. required; requisite, necessary: 3. due, proper, fit, decent: appropriate: II. *adv.* duly, properly, fitly, decently, justly, rightly.

Gelinde *or* **Gelind**, I. *adj.* soft, smooth, tender, mellow: *fig.* soft, mild, sweet, meek, gentle, fair, indulgent, good natured; — werden, to relent, —s Wetter, mild weather; — Saiten aufziehen, *fig.* to relent, give in, to begin in a milder strain; ein —r Wind, a gentle wind; II. *adv.* softly, mildly gently, &c.

Syn. Gelinde, Sanft, Sachte, Leise, Gemach, Glimpflich. In the words gelinde, sanft, sachte, leise, the effect denoted is a slight touch or contact; in gemach a slight movement. Gemach gehen signifies "not to hurry." Das Gelinde and das Sanfte affects the feelings, das Leise, the hearing. Das Gelinde from the slightness of the contact gives merely no painful or a less painful sensation; das Sanfte produces at the same time an agreeable one. Thus, figuratively one would not say gelinde, but sanfte Liebesseufzen; for it is intended that they should

Digitized by Google

be agreeable; *or* the other hand, one would say gelinde Strafen, of such as are not intended to be too severe. Gelinde implies more especially humanity and kindness.

Gelindigkeit, *f.* softness, smoothness; sleekness; *fig.* mildness, sweetness, meekness, gentleness, fairness; indulgence.

Gelingen, *v. irr. n.* (*aux.* seyn) *with the dat.* to succeed, prosper, speed; nicht —, to fail; es ist ihm wohl gelungen, he has brought it to a good issue; es ist mir gelungen, I have succeeded in it; Gott lasse es wohl — God send good speed!

Syn. Gelingen, Gerathen, Einschlagen, Glücken. When chance favours, or outward circumstances bring about, the accomplishment of what is attempted or intended, we use glücken. But when the success proceeds from the judicious choice of the means or depends upon our own skill or prudence, we use gelingen. Gerathen and einschlagen are said of the thing or work itself, gelingen principally of the means employed. Einschlagen implies a greater degree of uncertainty in the issue, a greater effect of chance than gerathen. A painter may say: Dieses Gemälde ist mir wohl gerathen, but not: es ist gut eingeschlagen.

Gelingen, *n.* (-s) success, prosperity.

Gelispel, *n.* (-s) lisping, continual lisping.

Gelitten, *part.* suffered. *vid.* Leiden; bei Jemandem wohl — seyn, to be in one's favour.

Gemách, *adv.* softly; gently; —! —! gently! gently! by degrees; *rarely adj.* easy, comfortable.

Syn. Gemach, Langsam. Langsam denotes slowness of motion in general, gemach also conveys the idea that the body in motion uses no exertion. Langsam, therefore, may be said of the motion of all bodies, gemach only of that of persons.

Gemách, *n.* (-es; *pl.* Gemächer) 1. room, chamber, apartment, closet; 2. *provinc.* peace; tranquillity; das heimliche —, privy, closet; —stuhl, *m.* close-stool.

Gemächlich, I. *adj.* soft, slow; gentle; easy, convenient, comfortable; II. *adv.* softly, slowly; comfortably, commodiously; — leben, to live comfortably *or* at ease.

Syn. Gemächlich, Bequem. When, in using the objects that surround us, we experience no trouble in the application of them, we call them bequem. A staircase is bequem when it is neither too steep nor too narrow. Gemächlich implies that the surrounding objects do not affect us disagreeably. A chair is bequem when neither too high nor too low, and gemächlich when softly cushioned. Ein bequemer Mensch is averse to all trouble and exertion, ein gemächlicher is easily rendered uncomfortable by that which surrounds him.

Genehmhalten, *n.* } approval,
Genehmhaltung, *f.* } liking, approbation; 2. allowance, permission.

Genehmigen, *v. a.* 1. to approve, ratify, agree, assent; 2. to allow, permit; to grant; 3. to accept (a bill).

Syn. Genehmigen, Zugeben, Zugestehen, Bewilligen, Einwilligen. Genehmigen conveys the idea that what another does, meets with our approbation, that it pleases us. Zugeben and zugestehen do not necessarily imply that we approve of that which we do not prevent: on the contrary, they often include the idea that it is displeasing to us. Bewilligen and einwilligen declare that we willingly grant that which another requires, and are thus distinguished from zugeben and zugestehen, which express simply that we forbear to prevent.

Genehmigung, *f.* 1. granting, permission; 2. acceptance; 3. approbation.
